[SHELLI ANDERSON] American, age 35 to 45. Shelli is attractive with a sense of humor and is at the top of our roadie crew. She is capable, tough, great looking and sexy in an unassuming way. Think of the great crew women on a film set.. Completely competent in her environment, Shelli "runs" with the guys, and they listen to her! Shelli is our band's production manager. She wears a holster filled with phones like an all-format communication gunslinger. She is physically strong, brainy, and super-efficient and hides a compelling body under her work clothes. She is built for the road. Shelly is the liaison between the band and the touring crews. She is forever rattling off details into her headset, often having two conversations at the same time -- one with you, and one with the assistants, wives or band members back at the hotel. SERIES REGULAR. NO SCRIPT AVAILABLE FOR RELEASE
