scene #1

IMOGEN (CONT'D)

Finished his homework?

DAKOTA

You had one job, Courtney! I'm sorry, Andi! I tried, but I can't. She doesn't add anything to the group!

IMOGEN

She makes us have an even number. I like it. I feel less left out.

COURTNEY

Please, I don't see you guy coming up with anything better.

Dakota and Courtney start yelling at one another. Andi stands suddenly. Her crazy eyes makes everyone stop over shouting and take their seats.

ANDI

I can't believe it. I'm in a worse situation now than when we started. Now every guy has seen what will happen to them if they come near me. And that was just for a kiss! Imagine second base!

Andi, struck by an idea, starts pulling on her hair. She looks deranged.

ANDI (CONT'D)

I know! I know! I'll just move to a deserted island, shave off all my hair, and start a Blog for sisters!

DAKOTA

That might be a misleading title.

At the sound of Dakota's voice, Andi remembers there are other people in the room. She looks wild as she begins interrogating each of the Foursome.

ANDI

I'm not totally unfortunate looking, right? I'm a C cup who looks good in jeans. I'm a classy amount of easy, and I'm not taller than most men. I'm not disgusting, nerdy, or shy -

> IMOGEN

That's it!

DAKOTA

Not now, Kimmy Gibbler.

> IMOGEN
Hear me out.

Imogen gets up and starts tip toeing around the room as she makes her point.

> IMOGEN (CONT'D)
When I was home schooled and my mom would go to bed, I'd secretly watch teen rom-coms to find out what public school was like. The one thing I've noticed since starting here is how much high school is like a 90's movie!

Imogen looks around expecting everyone to be impressed with this discovery.

DAKOTA
No it's not. It wasn't in the 90's and it's not now.

> IMOGEN
Look at Courtney!

COURTNEY
Fair point.

DAKOTA
Listen doll, it's real cute that you think -

IMOGEN
SHUT IT, DAKOTA. Let me finish.

Dakota is impressed and sits down.

DAKOTA
Preach.

> IMOGEN
Courtney is like the quintessential mean girl in any 90's movie. She's hot, dumb, and has blonde hair.

COURTNEY
Thank you!

ANDI
How is this helping?

> IMOGEN

But the Courtney's never win in those movies! What's the one thing all 90's films have in common?

Imogen looks around excitedly. No one knows.

> IMOGEN (CONT'D)

A bet! "She's All That"? Bet. "10 Things I Hate About You"? Bet. "How to Lose a Guy in 10 Days"? Bet. All of the Rachael Leigh Cook's in those movies were nerdy, shy, disgusting girls! Like you, Andi!

ANDI

Gee, thanks.

> IMOGEN

You need to become the girl that guys would make a bet about.

COURTNEY

Guys do love a challenge.

Andi looks to Dakota.

DAKOTA

In a weird way it's not a bad idea.
(off Andi's shocked look)
At least no one would get hurt.

> IMOGEN

This can work! All you need to do is wear overalls, a ponytail, and glasses to school tomorrow. I'll take care of the rest.

Andi looks around at everyone expectantly. They all have a "whattaya got to lose" expression.

ANDI

(shrugging)

I mean, this sounds like it involves minimal effort from me so I guess I can give it a try.

> IMOGEN

YES!

Imogen throws her hand in the center of the gang.

> IMOGEN (CONT'D)

90's plan on three!

90's plan!

Imogen arm lifts by herself.

INT. BLAIR HALLWAY - NEXT MORNING

Andi is standing in the hallway. She is fully frumped out. She even put some paint stains on her overalls. She starts slowly walking down the hallway. It mirrors the first scene. A SONG LIKE "KISS ME", BY SIXPENCE NONE THE RICHER PLAYS. Andi starts walking. No one dives in the girls bathroom. No one vomits into a bookbag. No one changes direction. Andi smiles and nods. It's working!

Andi makes her way to her class and sees Josh outside of the Photo Lab. With a newfound purpose, Andi approaches. She's more awkward, tortured, and Kristen Stewart-y than usual.

ANDI
(emo voice)
Hi, Josh.

Andi pulls strings of her hair out to cover her face.

JOSH
Andi? Hey. I didn't know you wore glasses.

ANDI
(emo voice)
It helps me see my art. And the math.

Andi doesn't make eye contact with Josh. She keeps shifting her weight and looking down dramatically.

JOSH
You take art? That's cool.

Andi throws her head towards the ceiling and breathes. She suddenly runs away "shyly". Josh is left baffled.

INT. BLAIR LAIR - LATER

Andi busts in on Dakota and Imogen in the lair.

ANDI
I just 90's movied Josh!

I don't -
(laughter)
I don't know.

Imogen saunters over to a chair. She plops down in it and starts feeling the fabric with her face. She looks like a cat.

→ IMOGEN (CONT'D)

I wish we had chairs like this when I was home schooled. We had to sit on wooden crates that held apples. This feels like what I'd imagine a cloud to feel like. It's like soft but not in a silk way. I hate silk.
(whispers)
Worms.

Imogen takes out her french braid, crimped locks fall.

→ IMOGEN (CONT'D)

Oh my god. That felt amazing. I could feel my follicles actually relax. Tight that braid hair up.
(then)
I mean, that up tight hair braid in my was... I hair frenched. I -

Imogen starts hysterically laughing.

ANDI

What is happening?

COURTNEY

Imogen, where have you been?

→ IMOGEN

I went to the...

Imogen stares out, thinking.

ANDI

Imogen!

→ IMOGEN

What was the question?

Imogen busts out laughing again.

DAKOTA

Ohhh damn. This girl high as fuck.

ANDI
No! What? No! She couldn't. She would never. NO! Wait. Are you?

> IMOGEN
No way. I would never smoke drugs. I haven't even seen a marijuana branch. Branch. Bran-tch. Weird.

COURTNEY
She's baked.

> IMOGEN
Oh! That's where I was. The Bake Off. These really nice seniors offered me a brownie, because it's Diabetes Day, and I said I wasn't allowed to eat sugar for breakfast because of my anxiety medication, but they insisted and I was totally drugged wasn't I?

Courtney, Andi, and Dakota nod.

> IMOGEN (CONT'D)
Oh my God! I can't believe that this would happ happp -
(laughing hysterically)
I'm trying so hard to care but I don't.

ANDI
Oh my God. This is amazing. She's -

Uninhibited? DAKOTA Full? COURTNEY

ANDI (CONT'D)
Relaxed!

Dakota looks at Courtney with an idea.

DAKOTA
You thinking what I'm thinking?

COURTNEY
You bet.

COURTNEY (CONT'D) DAKOTA
Give Imogen a make-over! Weed will make us cum!

COURTNEY (CONT'D)
Wait, huh?
