NICK NOLTE - Richard Graves CAST

[OLIVIA GRAVES] Late 20s, this gorgeous woman is Graves and Margaret's only daughter, the high-maintenance, self-destructive wife of a wealthy and influential Congressman. When her husband becomes the object of a sex scandal, she becomes hysterical, destroying millions of dollars of his effects before she is escorted home to her parents' Santa Fe compound by Jacob, her "fixer" uncle. Insecure at the best of times, she now feels like one of life's losers -- and whether her parents' chaotic lifestyle will help her regain her equilibrium is doubtful, to say the least. Meanwhile, she's a loose cannon on a rolling deck, a hard-drinking, sensation seeking bipolar siren who is very much on the rebound. Olivia is a funny, larger than life, mess of a human being searching for her identity. SERIES REGULAR (10) POSSIBLE PARTIAL NUDITY.

[JEREMY GRAVES] Late 20s, he's Graves's only son, a Marine who is currently completing a tour of Afghanistan. Jeremy has never been able to please his president father, always falling short of his expectation. Relying on his humor, pranks and over-confidence to mask his feeling of ineptitude, Jeremy is a funny, out there, blustery and yet conflicted inside and lost... a complex character. A president's kid who has never had any direction. But he's coming back to the States and starts to shed his class clown image as he garners the interest of CABLE NEWS who see him as an effective talking head...SERIES REGULAR (12) (THINK TJ MILLER)

[SAMANTHA] 24, this tattooed local waitress with ear gauges and piercings is surprised to learn that her customer is none other than the former President of the United States. Surprisingly sage and philosophical, she whisks Graves off to her desert trailer park to get high -- and the two wind up passed out on a local golf course, where they are finally discovered by Graves's handlers. Samantha has to have a magic to her. She is both quirky and the very definition of a FREE SPIRIT. Every man falls in love with this woman who becomes President Graves's MUSE. Like Kate Hudson in Almost Famous she is wounded beneath the outward freeness. A nomad in life she has finally found potentially a reason to stop running from place to place when she meets Isaiah...SERIES REGULAR (2) TOPLESS NUDITY.

[LAWRENCE MILLS] A fastidious gay man, this speechwriter is a permanent member of the Graves's entourage, who is helping Graves prepare for an important speech. In a conversation with young Isaiah, he pronounces their erratic boss a "monster"... (27) SERIES REGULAR

[SUMMER] 24, Margaret's uptight assistant, she is a capable young woman who keeps close tabs on Margaret's day-to-day requirements. Accustomed to the chaos of the Graves's household, she smirks knowingly as the frazzled, frantic Isaiah rushes into the compound to announce that he has "lost" the President. She is up on all the style and hooked into all the gossip in Washington. Like Emily Blunt in DEVIL WEARS PRADA. Multi-ethnic. Asian, African-American, Caucasian. RECURRING ROLE (6)

[ANNIE KHAN] A top political consultant, this Middle Eastern woman has a British accent and a killer instinct. She's approached as the logical person to handle Margaret's prospective Senatorial campaign. She and

Margaret go way back; in fact, Margaret gave her her first job, and their old bond is still strong. However, Annie has to understand that Margaret's first loyalty is to her husband, and if Annie and she are to get along, Anna has to understand that, first and foremost...RECURRING ROLE (22)

[UNCLE JACOB] A ruffled, professorial looking man, he's Olivia's uncle, who escorts her to her parents' Santa Fe compound after she destroys her husband's priceless antiques with a blowtorch. The family "fixer," he deals with crises as they arise, the latest being Graves's rampant vandalism of his own presidential library...4 speeches & 5 lines, 2 scenes (12) RECURRING ROLE.

[RAMONA] This older "endlessly bored" Latina is the housekeeper at the Graves's Santa Fe compound. She's unfazed by the daily chaos of the Graves's turbulent household...RECURRING ROLE (9)

STORY LINE: Living in a Santa Fe compound, surrounded by Secret Service personnel and an entourage of helpers and hangers on, former President Richard Graves is a hard-drinking, mercurial force of nature in the throes of an existential crisis. His newest young assistant, ISAIAH MILLER, is hard-pressed to keep up with his recklessly impulsive charge, a still charismatic and adored public figure whose increasingly bizarre behavior has his wife, MARGARET, deeply concerned. Haunted by his past decisions as a president, Graves may be intent on expiating his past "sins" -- an effort that is straining his last nerve and testing the outermost perimeters of his own sanity...
